WELCOME TO CITRUS LIVING

Citrus Living is a company founded by industry qualified professionals (engineer, architect, builder) and is focused on delivering affordable housing to the New Zealand housing sector despite increasing land and construction prices. This is achieved through standardised designs, economics of scale, low over-head operating costs and value engineered design solutions. Citrus Living has a proven track record for delivering affordable housing solutions in Christchurch developing **200+** units with a market value of almost **\$120m**

These properties are medium densified developments of terraced / townhouse homes comprising of 1 bedroom, 2 bedroom or 3 bedrooms, specifically catered to first homes buyers and property investors.

OUR EXPERIENCE INCLUDES

- ✓ Full project life-cycle management
- ✓ Land acquisition, vendor negotiations
- ✓ Feasibility and budget management
- ✓ Management of resource and building consents
- ✓ Consultant management
- ✓ Procurement processes, tendering and contract negotiations
- ✓ Development Funding, including senior debt and mezzanine debt facilities (Initial funding, reports, drawdowns)
- ✓ Marketing and sales
- ✓ Compliance (health and safety and other legislative requirements)
- ✓ Self build
- ✓ Practical completion, code compliance, 223 and 224 management
- ✓ Maintenance and warranty period management

Here at Citrus Living, we take a fresh look at residential housing developments. We create high-quality, architect-designed properties that people are inspired by and want to live in.

Marcus Stufkens - Director

You would have seen in the media that some developers have used the sunset clauses to cancel the Agreement and get a higher price from the purchaser or sell to someone else for a higher price. **That is not us!**

To protect you we have included clauses in your Agreement that provide this price guarantee assurance. Our reputation is everything and that means doing the right thing by our purchasers.
